PROFESSIONAL SUMMARY

Data Scientist & Analyst building end-to-end solutions across machine learning, LLM/RAG systems, and business analytics. Experienced designing statistical evaluation frameworks and production ML pipelines alongside SQL/BI reporting and stakeholder-facing dashboards. Comfortable moving between deep technical implementation and translating findings into decisions with a track record spanning startups, academic research, and enterprise environments.

EDUCATION

Stony Brook University – *Master of Science in Data Science* **Aug 2024 – May 2026**
Shivaji University – *B.Tech in Computer Science (AI & ML)* **Aug 2020 – May 2024**

EXPERIENCE

Research Assistant, *CUBIT Lab, Stony Brook University, USA* **Aug 2026 – Present**

- Building inter-rater agreement tooling and QC dashboards for actigraphy research data.

Data Scientist, *Stony Brook University, USA* **Aug 2025 – Dec 2025**

- Built SQL/Python pipelines on 1M+ records and 100K+ queries, enabling large-scale retrieval evaluation.
- Designed True-PIR and bias-diagnostics frameworks, standardizing model reliability assessment.
- Isolated root-cause degradation signals in retrieval outputs through targeted Python diagnostics.
- Deployed latency, throughput, and execution-metric monitoring dashboards for production visibility.

Founding AI Engineer, *Versaunt (Aayats), Inc., USA* **May 2025 – Aug 2025**

- Owned delivery of AI/BI infrastructure serving 10K+ users and 500K+ queries, shaping product decisions.
- Engineered RAG pipelines (chunking, embeddings, vector search) to raise retrieval relevance.
- Designed A/B testing frameworks across 50K+ daily events, driving cohort-based product decisions.
- Optimized inference latency via batching and caching, increasing throughput at institutional scale.

Data Analyst, *Saroj Group of Companies, India* **Jan 2024 – Jul 2024**

- Led financial forecasting and variance analysis, raising profit margins 12% through cost optimization.
- Built KPI dashboards in SQL, Excel, and Tableau, cutting reporting cycle time 35% for business units.
- Automated four reporting pipelines in Python and SQL, saving 25+ hours monthly.

Research Assistant, *Dept. of AIML, DYPCET, India* **Sep 2022 – May 2024**

- Conducted applied AI/ML research across two faculty tracks: cybersecurity, vision, and NLP including a Hackathon-selected RAG platform, while mentoring peers as Head of R&D.

PROJECTS

Aegis: Cost-Aware Real-Time Fraud Detection System **Mar 2026 – May 2026**
Stack: *Python, PySpark, Databricks, Drift Detection*

- Achieved F1 0.9942 and AUC 0.993 on a real-time fraud pipeline, cutting exposure $19.4M+.

Search Perturbation Robustness & Bias (PIR/PB) **Oct 2025 – Dec 2025**
Stack: *Python, Retrieval Evaluation, Statistical Testing*

- Quantified ranking robustness under query perturbations, benchmarking cross-engine search stability.

AI Portfolio Risk & Forecasting Model **Feb 2025 – May 2025**
Stack: *Python, XGBoost, CVaR Optimization, Time-Series*

- Modeled 10+ years of financial data with CVaR optimization, lifting accuracy 18% and Sharpe ratio 15%.

RAG Financial Intelligence Platform (Confidential: Gov. of India) **Sept 2023 – May 2024**
Stack: *Python, LLMs, LangChain, ETL*

- Shipped a gov't-client RAG pipeline, cutting latency 60% and boosting decision efficiency 40%.

TECHNICAL SKILLS & INTERESTS

AI & LLM Systems: LLMs, RAG, Prompt Engineering, Embeddings, Vector Search, FAISS, pgvector, LangChain, LangGraph, NLP, Transformer Models, Model Evaluation
Data & Analytics: Advanced SQL, Tableau, Power BI, Excel, Python (Pandas, NumPy), Statistical Testing & Hypothesis Testing, KPI Design, Data Storytelling
Engineering & Systems: FastAPI, REST APIs, PostgreSQL, MySQL, PySpark, Databricks, AWS, MLOps, Git
AI Tooling: Claude, Claude Code, ChatGPT/GPT, Gemini, GitHub Copilot
Interests: Financial Investments, Financial Markets, Professional Chess, Music

LEADERSHIP, AWARDS & RECOGNITION

Best Outgoing Student *(sole recipient)* **| Harvard Hackathon** Finalist **| Student Council** Secretary *(3×)* **| Smart India Hackathon** Finalist — Ministry of Power ***(National)*** **|** Rotaract: **Best Emerging Rotaractor** *(75+ clubs)* , District 3170 **Secretary of the Year | District Chess Champion** *(2023 & 2024)* **| Deputy Chief**, Training & Placement Cell, DYPCET
